

**UNIVERSITY OF CALIFORNIA, IRVINE**  
**CENTER FOR OCCUPATIONAL AND ENVIRONMENTAL HEALTH**

**GRAND ROUNDS**

**Target Audience** - Occupational medicine practitioners, primary care practitioners and other healthcare professionals who desire further training in occupational and environmental medicine.

**Purpose** - The COEH Grand Rounds consist of current concept lectures on the assessment and management of occupational and environmental health issues. Current research findings will be described, current landmark research will be discussed, and, in selected cases, relevant journal articles or other materials may also be distributed.

**SPEAKER:** BongKyoo Choi, Sc.D., M.P.H.  
Assistant Professor  
Center for Occupational and Environmental Health  
University of California, Irvine

**TOPIC:** Work, Health Behaviors, and Obesity Among Firefighters:  
Findings from the FORWARD Study

**PLACE:** Center for Occupational and Environmental Health  
University of California, Irvine  
100 Theory, Suite 100  
Irvine, CA 92617  
949-824-8641

**DATE / TIME:** November 12, 2013, from 6:00 to 7:00 PM

**Educational Series Global Objectives:**

At the conclusion of this activity, the participant should be able to:

- Understand complex relationships between working conditions, health-related behaviors, and obesity among firefighters who are among the heaviest occupational groups in the United States.
- Describe strategies to assess and manage obesity and cardiovascular disease at workplaces
- Cite current findings in the field of working conditions and obesity.

**Accreditation Statement:**

The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**Designation Statement:**

The University of California, Irvine School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Disclosure Statement:**

Dr. Choi has disclosed that he does not have any affiliations, arrangements or financial agreements which could be perceived as a potential conflict of interest with the presentation. Dr. Choi has further disclosed that he will not be discussing the use of any unlabeled drugs or devices during the presentation.
